

 *Powered by* **SUN.**

**GRACE RENEWABLE ENERGY PVT. LTD.** (Joint venture with HEC Infra Projects Ltd) is one of the leading Solar EPC solution providers in India with a focus on providing world class quality and cost effective solar solutions to our customers. At Grace, we provide customized solutions for our customer's energy problems and provide them with an end to end solution. We ensure that customer satisfaction is at the centre of what we do by providing best in class equipments without emphasizing on a particular brand.

With **75+ MW** of turnkey projects commissioned across the globe, Grace has had an impeccable record in India and abroad across various geographies and segments. We offer an extensive range of solar products and services, ranging from Solar EPC services for Residential, Commercial & Industrial segments to Utility scale projects and High Efficiency Solar PV modules.

We are the Exclusive Channel partner of **ADANI SOLAR** for entire range of solar modules. Global relationships with our partners allow us to leverage resources and extend our reach to our clients globally.
